A lovely 2 bedroom apartment, the lounge and terrace looking across the golf course and pine forests to the blue of mediterranean sea and sky.

On the one side the terrace looks out to golf course and pine forest leading down to the sea with fine sandy beaches.

On the other side the terrace looks out to the pool.

Lounge & terrace catch the morning sun.....the joy of a mediterranean lifestyle

A lounge area with two leather sofas leads into a dining area for six at the far end of the room. Satellite TV, Video & music center complete the lounge fittings.

Furnishing is natural wood, leather with marble floors. Occasional pictures decorate the simplicity of cream walls in the spanish style.

The kitchen is fully fitted with siemens appliances and leads into a separate utility room with washing machine. And now we go into the master bedroom, with an english double bed. There is an ensuite bathroom with bath & shower, his & hers sinks, WC & bidet. Please go to the picture gallery to see more pictures of the apartment.
